

# Recommendation for Jiarui Wang – UNSW International Student Scholarship

Dear Members of the Scholarship Committee,

It is with great enthusiasm that I write this letter in support of Jiarui's application for the UNSW International Student Scholarship. It was a pleasure for me to have closely working with Jiarui in various capacities, witnessing his remarkable growth and contributions through different roles within UNSW College. His journey, marked by dedication, kindness, and his unique bubbly personality, is nothing short of inspiring.

Jiarui first joined our community as a volunteer, where his reliability and helpful nature quickly stood out. These qualities led to his promotion to Events Intern with the Student Life Team. In this role, he excelled in assisting with event planning and execution and became one of the friendly faces contributing to the community's welcoming and inclusive atmosphere.

Jiarui did not stop there. After the internship finished, he stepped into the role of peer mentor in our Peer Mentoring Program, where he again exceeded expectations. He demonstrated empathy, patience, and leadership skills, helping mentees navigate their challenges effectively, which led to his later promotion in the program to Senior Mentor. This well-deserved promotion is a testament to his exceptional performance, ability to lead, and commitment to making a positive impact on his peers.

Throughout his journey, Jiarui has consistently demonstrated a unique combination of professionalism, fun, and kindness. His capacity to connect with others, coupled with his ability to excel in every role he undertakes, makes him a standout candidate for the UNSW International Student Scholarship. I am confident that Jiarui's contributions to the UNSW community will only grow as he continues to excel academically and professionally.

I wholeheartedly endorse Jiarui's application and strongly believe that he embodies the values and aspirations of this scholarship.

Yours sincerely,

Vivien Lin
